

You didn't notice until it was *too late* to do anything about it?

Probably, if you aren't checking the Public Notice columns of this newspaper regularly.

Public Notices are required by state law to protect your rights and to help you function more effectively as a citizen. Access to information about what government agencies are doing is what makes us better citizens.

The Public Notices give you access to information you need... about new local laws that will affect you... about plans for major land use changes... about where roads will go... whose land will be condemned... how your tax dollars will be spent... about court actions that could be important to you, or just plain interesting.

Whether you know them as Public Notices or as *“the legals”*, it pays to check the Public Notice columns in this newspaper each issue.

What you don't know might cost you!
