MNA Institute

TRAINING

We have ideas for you!

editorial - advertising - leadership - circulation - weeklies - dailies - students

The Minnesota News Media Institute (MNI) provides a variety of training opportunities and other programs for MNA members, students and other media professionals. We're working to keep a thumb on the pulse of the ever-changing media industry, producing training programs and providing resources to help our members stay on top of trends and changes. Our schedule is always growing to accommodate member requests, cover new technologies and trends, and to go in-depth on topics of interest.

New Reporter & New Ad Rep Training Programs

MNI helps prepare new reporters and new ad reps for their career in newspapers. We bring in seasoned pros to show the ropes to the latest generation of newspaper reporters, editors and sales professionals.

One-Day Workshops

MNI presents a variety of one-day workshops annually. Focusing on a wide variety of topics, MNA members can gain new skills from industry experts in a casual classroom setting. Recent sessions covered a wide range of topics including circulation, management, advertising sales, technology, editorial writing and reporting, newspaper design, social media and more.

Editors & Publishers Community Leadership Program

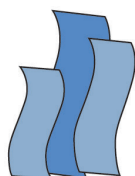

This intensive months-long program works with newspaper editor-publisher pairs to develop community leadership and vision skills. The program encourages newspapers to develop and strengthen social capital within their communities, to learn of the power they have to frame issues and mobilize action and ultimately helps them to advance the health and vibrancy of their communities.

Online Media Campus Webinar Series

In partnership with the Online Media Campus, MNI presents affordable webinars on an assortment of subjects ranging from newspaper design to sales and marketing, editorial skills and technology-centered training.

Webinars feature a variety of industry experts with a focus on relevant topics to all areas of the newspaper.

The Minnesota News Media Institute calendar is constantly being updated. Please check our website for the latest information: <http://mna.org/events/>

Eliminate stress! Send us your press releases:

For same-day service, email your press release (Word or PDF format) by noon, Monday-Friday, to member@mna.org. PUBLISHING PROS DEPEND ON PAGE 1 PRINTERS

Because it has to be done right, and right on time!

"Page 1 prints our weekly newspapers and handles the bulk of our commercial printing work. It's like our printing wholesaler, making it possible for us to profitably sell brochures, special publications for organizations commemorating a milestone, area visitors guides and so on to our customers. Page 1 does it all, delivering the premium quality and competitive pricing I have to have. But where Page 1 really sets itself apart is in customer service. The Page 1 team is friendly and knowledgeable, quick to provide a solution to any issue that may arise."

JUSTIN R. LESSMAN
Publisher/General Manager
Livewire Printing Company
Jackson, MN

Publisher of the Jackson County Pilot, named Minnesota's most outstanding weekly newspaper at the 148th annual MNA Convention, and recipient of the Mills Trophy

"We've been doing a premium visitor's guide magazine since 2007. A couple of years ago, we got some quotes and work samples from Page 1 that convinced us to switch from the big printer down in Georgia that we had been using. We not only saved money, we've actually had people go out of their way to compliment us on the quality of the guide! That is something that just doesn't normally happen. But the thing that really made a believer out of me was when we sent Page 1 our first print-ready PDF. Most printers just take what you give them and print it. But these folks proofread every word of the document and sent us a list of the typos they'd caught—and at no extra charge. They just wanted to make sure our printed product looked as good as it possibly could. I really can't say enough about their customer service!"
