NEW CANDIDATE FOR US SENATE SEAT IN MN 2020

Scott Magie from Ely, Candidate for US Senate for Minnesota

Ely, MN, 05/19/2020 – Scott Magie was born in Ely. He is a true Minnesotan that is concerned for the long-term future and welfare of Minnesotans and all Americans. Scott's platform and beliefs can be reviewed on his candidate website:

<https://ScottMagie.com/>

Scott needs the immediate assistance of at least 2,000 Minnesota residents to be added to the November 3rd, 2020 ballot. For those Minnesotan's that want a change the US Congress to initiate the process of removing the partisan destruction of America, please to go to Scott's website. Either print and mail the petition as directed on the website, OR through the website access the petition for electronic submission with a digital signature. The petition needs to be delivered to Scott no later than June 1st so he can qualify and be added to the 2020 ballot. Please be expeditious as time is limited.

Scott's goal is to establish a third party in the US Congress to ensure that neither of the two parties ruling American can achieve 50% control. We need a party to help quench partisan activities and focus the US Congress to the critical issues at hand, while immediately stopping the endless financial and irresponsible acts enacted by the US Congress. It is time to force the US Congress to engage in solving the most important issues for America!

Let us get Minnesota and our country back on track!

On 02/02/2020 Scott Magie revived the Democratic-Republican Party (Dem-Rep.com) for the purpose of "saving" The Republic of the United States of America from the imminent danger of those currently at the helm in the US Congress. The Democratic-Republican Party was the first party in America originally established in 1792. The current two major parties were basically derived from the Dem-Rep Party, but at this point both have substantially strayed.
